

## DETAILED ACTION

### *Election/Restrictions*

1. Independent claim 17 is allowable. The restriction requirement among species, as set forth in the Office action mailed on 03/08/07, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claims 29-30, directed to another species, are no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim. Thus, claims 29-30 have been rejoined.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

## EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR

1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

**In the claims:**

a) please cancel claims 47-54

*(Note: this application is in condition for allowance except for the presence of claims 47-54 directed to an invention non-elected without traverse, see response to restriction requirement of 03/16/07. Accordingly, claims 47-54 have been cancelled).*

3. The following is an examiner's statement of reasons for allowance: the applicant's reply explicitly presents reasons why the instant claims are patentable over the prior art of record. Refer to the amendment dated 10/08/08 for additional information.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
